SUBJECT: FLORIDA ABUSE HOTLINE NOTIFICATION

NON CAREGIVER CHILD ABUSE
NOTE: The Florida Abuse Hotline uses this field to note incident location, home address, current location and where the victim will be in the next 24 hours. Due to the automatic population of information from the Hotline system to FCIC, the Sheriff’s will also see this information in the FAM message.
Participant Information:
Format:

Role in FSFN, First Name, Last Name, Date of Birth, Sex, Race, and Last known address

V: SABRINA SMITH, 09/21/1999, FEMALE, UNABLE TO DETERMINE, 58 NW 60ND STREET, MARION, OCALA, FL

AP: JEREMY ALLEN, 03/08/1990, MALE, OTHER, 444-44-4444, 3400 NE 10TH AVE, MARION, OCALA, FL 34479-2871

NOTE: If participants are unknown, the unknown information will populate in the Florida Administrative Message. There may be more than one victim or perpetrator. The Role in FSFN will be one of the abbreviations presented on slide.
Reporter Information: Reporter information will designate them as the reporter by the label of “RPT”, followed by their name, reporter type, and phone number(s).

RPT: BOB JONES, LAW ENFORCEMENT, (352)222-9000

NOTE: Only the information available to the Florida Abuse Hotline will populate into the FAM message.
Allegations: All of the information available regarding the incident will be presented in the Florida Administrative Message.

ON 7/12/2012, THE COUSIN’S FRIEND’S ADULT BROTHER HELD SABRINA DOWN, GROPED UNDER HER CLOTHES AND DIGITALLY PENETRATED SABRINA.
Reporter Narrative: The Florida Abuse Hotline utilizes the reporter narrative to note information regarding the reporter, such as place of work, case number, badge number and any confidential information stated by the reporter. This narrative will also include any other sources who may have information regarding the incident.

NOTE: The Hotline uses this field to note information used by the DCF Child Protective Investigators; therefore, Sheriff’s may receive information, such as, “No Known Hearing Impairments”, as seen in the example above. Due to auto population, the information cannot be parsed out.
FSFN Report Number: The last thing in the Florida Administrative Message is the FSFN (DCF) Report Number.

REF# 2012121212

The FSFN number is preceded by “REF#”. This is denoting a reference number to the Sheriff’s, to be used in the event they need to call the Hotline to get more information, ask a question, or perhaps want to listen to a call. The reference number will begin with the year, for example, 2012, followed by six digits.

Phase two of implementation for the Non-Caregiver Child Abuse electronic dissemination will include the Sheriff’s obtaining local FSFN access so they have all the information contained with FSFN on a family, including access to the phone, fax, or online web contact.
Circular Reporting:

In order to avoid circular reporting, (the act of the Hotline sending a phone call or FAM message back out to the Sheriff’s office who called it in) if the call, fax or online web report received by the Hotline is from a Sheriff, from the jurisdiction in which the incident occurred, the call and FAM message will not be forwarded back out to that Sheriff’s office.

In the event the Hotline received the information from another municipality, the Hotline will clearly note the Law Enforcement officer’s name, place or work, address, phone number(s), badge number, and case number in the FAM message.
The name of any person reporting child abuse, abandonment, or neglect may not be released to any person other than employees of the department responsible for child protective services, the central abuse hotline, law enforcement, the child protection team, or the appropriate state attorney, without the written consent of the person reporting. This does not prohibit the subpoena of a person reporting child abuse, abandonment, or neglect when deemed necessary by the court, the state attorney, or the department, provided the fact that the person that made the report is not disclosed.

Therefore, when information comes from the Florida Child Abuse Hotline Notification (FAM), it is recommended the Hotline be listed as the reporter due to confidentiality laws.
Penn State Bill (con’t.)

- Any person who knows or has reasonable suspicion that a child is a victim of childhood sexual abuse or is a victim of a juvenile sexual offender must report that knowledge or reasonable suspicion.
- Report of child abuse required by the bill must be accepted by the Florida Abuse Hotline and forwarded to the appropriate sheriff’s office.
Penn State Bill (con’t.)

• Increase criminal penalties for "knowingly and willfully" failing to report known or suspected child abuse, abandonment or neglect, or preventing another person from doing so – now 3rd degree felony

• $1.5 million appropriation for DCF implementation – 47 new hotline counselors

• $1.5 million to relocate sexual battery victims, with $1,500 to $3,000 set aside to help move a victim to a safer location if necessary

• Extends the Florida Crimes Compensation Act to include any child abuse that results in "mental injury" to a child, even if the child wasn't physically injured

• October 1, 2012 effective date
Penn State Bill (con’t.)

- DCF must conduct a study on the feasibility of adding text and short message service formats as a means for the hotline to accept and process reports of abuse
- Requires DCF to partner with community-based organizations and public service campaigns to promote public awareness of the hotline
Penn State Bill (con’t.)

• Increases criminal penalties by reclassifying certain violations involving sexual conduct with minors.
• Defines “aggravated child abuse” and “mental injury” for the purpose of criminalizing aggravated child abuse and providing for the prosecution of persons who abuse a child and cause mental injury, without an accompanying physical injury.
